

DuraSCOPE™

MICRON CAMERA REELS

Proudly Designed and Manufactured in North America

Upgrade to DuraSCOPE™!

Micron DuraSCOPE™ camera reels can be used with any Hathorn control module or link to your own mobile Apple/Android device, if you choose the Wi-Fi option. The Wi-Fi option is a standalone camera system that allows live streaming and recording to up to four devices at the same time.

DuraSCOPE™ Micron reels are trusted by plumbers, general contractors, and home inspectors to deliver high definition, recordable video inspections. These municipal grade reels offer butt-welded steel frame construction and premium 1/4" cable allowing you to push further. Hathorn DuraSCOPE™ reels come equipped with your choice of DuraCAM™ 1" or 7/8" straight view camera heads, allowing you to inspect pipes from 1" to 4" with ease. DuraCAM™ heads are also equipped with cool running LED technology, making them safer to work with.

Micron reels are only 16" tall and weigh under 16 lbs. The Wi-Fi option is powered by an external Milwaukee™ 18V or compatible battery, which can last up to 6 hours. These features give Micron reels the ultimate in portability and allow you to stay in the field longer.
